

Sprint 4 Report

Actions to stop doing:

- These are the activities or actions the team determined they should stop doing. This is the answer to the question, "What things should we stop doing?" The items should take the form of a brief description of what the team wants to stop doing, followed by a brief explanation. If there are no items, this section should describe why the team is completely satisfied with their current process.
 - Stop merging until thorough manual testing has been done.
 - We are satisfied with everything else we've been doing, and have faced no serious problems that require us to change how we do most things

Actions to start doing:

- These are the activities or actions the team would like to start doing to improve their development process. This is the answer to the question, "What should we start doing?" The items should take the form of a brief description of what the team wants to start doing, followed by a brief explanation.
 - Starting writing testing scripts for unit tests
 - Start updating Trello scrum board more consistently

Actions to keep doing:

- This is the answer to the question, "What is working well that we should continue to do?" The items should take the form of a brief description of what the team wants to start doing, followed by a brief explanation.
 - Group in person development sessions
 - Cleaning up our code and following the code standards we established

Work completed/not completed:

- This is a list of the user stories that were completed during the previous sprint, and a list of the user stories not completed during this sprint (but which were part of this sprint, and were in the sprint plan).
 - As a user I want to add an image for each recipe.
 - As a user, I want to like and dislike other recipes.
 - As a user, I want to sign in using my Google account.

Work completion rate:

- This section should report the following: total number of user stories completed during the prior sprint. Total number of estimated ideal work hours completed during the prior sprint. Total number of days during the prior sprint. For the previous sprint, the user stories/day and ideal work hours/day figures should be reported. For sprints past the first sprint, this section should also provide the average user stories/day and average ideal work hours/day figures computed across all sprints to date. The final sprint burnup chart for the previous sprint should be available for viewing in the lab and an email of this chart sent to the TA/prof.

Pantry Pal – The Pallers

5 December 2023

- Total Number of User Stories Completed: 3 (Out of 3)
- Total Number of Working Hours: 60 hours
- User Stories/Day: 0.21
- Work Hours/Day: 4.3 hours
- Ideal Work Hours/Day: 5 hours

Story Points Completed and Story Points Needed
