Sprint 4 Report

Actions to stop doing:

- These are the activities or actions the team determined they should stop doing. This is the answer to the question, "What things should we stop doing?" The items should take the form of a brief description of what the team wants to stop doing, followed by a brief explanation. If there are no items, this section should describe why the team is completely satisfied with their current process.
 - Stop merging until thorough manual testing has been done.
 - We are satisfied with everything else we've been doing, and have faced no serious problems that require us to change how we do most things

Actions to start doing:

- These are the activities or actions the team would like to start doing to improve their development process. This is the answer to the question, "What should we start doing?" The items should take the form of a brief description of what the team wants to start doing, followed by a brief explanation.
 - Starting writing testing scripts for unit tests
 - Start updating Trello scrum board more consistently

Actions to keep doing:

- This is the answer to the question, "What is working well that we should continue to do?" The items should take the form of a brief description of what the team wants to start doing, followed by a brief explanation.
 - Group in person development sessions
