

Pantry Pal – The Pallers

7 November 2023

Sprint 2 Report

Actions to stop doing:

- These are the activities or actions the team determined they should stop doing. This is the answer to the question, "What things should we stop doing?" The items should take the form of a brief description of what the team wants to stop doing, followed by a brief explanation. If there are no items, this section should describe why the team is completely satisfied with their current process.
 - Avoid using redundant code
 - Stop putting files all into one folder
 - Stop making vague requirements for user stories

Actions to start doing:

- These are the activities or actions the team would like to start doing to improve their development process. This is the answer to the question, "What should we start doing?" The items should take the form of a brief description of what the team wants to start doing, followed by a brief explanation.
 - Add to next sprint report during the sprint when we have something we like/don't like doing
 - Better code conventions - commenting, naming of functions/files, using style sheet

Actions to keep doing:

- This is the answer to the question, "What is working well that we should continue to do?" The items should
